Auxiliary Police Take Oath At Council Meet

Twenty-four members of the Daly City Auxiliary Police force were duly sworn in at Monday night's regular Council meeting.

Former Mayor Paul Green complimented those receiving badges on their perseverance in finishing the four-month course required.

The auxiliary force members have been gaining practical experience in the past four-month period, besides their regular Tuesday night classes. Throughout the training period they were required to pass written examinations and also had to pass a comprehensive final examination.

The men are now officially members of the force and will be issued uniforms. Their presence on the police force has given added protection to the citizens of Daly City and also made it possible to have patrol cars manned with two officers.

Those taking the oath Monday night were: Frank A. Bach, Richard A. Brohman, Wayne L. Carr, Andrew M. Conaty, Robert A. Crocker, Vincent De Bono, Jerry Galindo, Joseph J. Gehrig, Joseph P. Hathaway, Harold H. Henderson, Philipp S. La Bruzzo, John A. Matzek, Robert McCreery.

"The auxiliary police force can be of great aid to Daly City," Police Chief Roland Petrocchi said this week. He pointed out that such a force is of value for both disaster and civilian defense work.

Twenty-four men were sworn in Monday night, but Petrocchi said that, considering the rapid growth of Daly City, a force of 50 men would be more adequate. He expressed hope that more citizens would enroll on the auxiliary force later on.

Supervisors Uphold Public Hearing On Road Alignment

The San Mateo County Board of Supervisors this week voted to hold a public hearing on the proposed realignment of the Coast highway between Edgemar and Daly City.

Date for the hearing will be set by the state highway commission.

A telegram from G. T. McCoy, state highway engineer, stating that the state highway commission is considering a routing for the freeway was read by the board. McCoy also asked the supervisors if they desired a public hearing.

Board Chairman Alvin S. Hatch said, "The freeway is something that is absolutely needed and I see no need for a public hearing. However, I have no objection to a hearing except that it might delay construction of the freeway."

Supervisors Martin Poss and Edward R. McDonald expressed themselves in favor of the hearing and the board voted unanimously to advise the highway commission of its verdict.

Sector to be realigned is three and three-fourths miles between Edgemar and the end of Alameda boulevard in Daly City. It is planned that the rerouting will incorporate parts of Edgemar road and Skyline boulevard.

EXTRA MEETING HELD BY CITY COUNCIL WEDNESDAY NIGHT

The City Council met in an extra session last night to pass on the resolution calling for a special election here on October 28, at which time the proposition of issuing \$390,000 in revenue bonds will come before the people.

The Council also decided to hold its next regular session October 6, due to the fact that they will be without a quorum the following week.

Call Exams For Maintenance Man

The Civil Service Board of Review will call for an examination soon for applicants to the position of maintenance man for the Daly City Recreation department.

The person sought must be 25 years old, of sound body, must have carpentry ability and other handy-man skills.

The City Council passed on the myriad specifications for the position Monday night.

SAN FRANCISCO MUNI BUS 059 prepares to get under way again, but not under its own power. The bus, proceeding east on 87th street in Broadmoor at 8:30 yesterday morning, collided with a San Francisco Water department truck headed north on Sullivan, resulting in minor injuries to three passengers and more severe injury to Bus Driver W. C. Nichol, 53, of San Francisco. He suffered laceration of the left eye and injury to his right knee. He was taken to Junipero Serra hospital for treatment. Passengers, all from Colma, who received minor cuts and bruises were: Polly Ann Danielson, 12, 1724 Louvane; Shirley Derham, 10, 939 Bradley drive; Mrs. Janet Taylor, 744 Maddux drive.

The truck driver, Gilbert Pyle, 58 Flourie, San Francisco, was cited by Daly City police for running an arterial stop.

One irate passenger also suffered mildly from the incident. She complained at paying 15 cents for a ride which took her only two blocks.

POLICE HOLD DALY CITY TEAMSTER AS SUSPECT IN NIGHT TIME CRIME ORGY

A Daly City teamster, Edward Golden, 20, 180 North Mayfair drive, is being held by San Francisco police after he allegedly took part in an orgy of crime last week-end which included an attempted bar holdup climaxed by gunfire, a pistol whipping battle which sent five men to the hospital, and a holdup earlier which netted him and two other men \$1000 in travelers' checks.

Golden and Ronald Hall, 20, reported were out to make a one-night killing to pay off their numerous debts. Hall owned nearly \$200 in traffic violation fines, but neither man had a prior criminal booking, local police reported.

Police said a third man, William Faix, 22, also was with them in the early evening robbery of Dot's Variety store, 2211 Clement street. San Francisco police said while Golden waited at the vehicle, Hall and Faix went into the store and held two women at gunpoint while they scooped up their loot.

Pick Up Two
Two hours later Inspectors John Keatings and Frank Van Der Vort noticed Faix and Hall walking down Powell street near the Sir Francis Drake hotel. Answering the description of the gunmen, they were taken into custody, and \$50 in stolen checks were found in their possession, officers said.

It wasn't until after several hours grilling that the pair implicated Golden.

Night Was Young
Golden, however, had not yet sated his desire for crime.

At 2 a.m. he walked into the Ship's Club bar at 1799 Lombard street and demanded a drink from the bartender, William A. Willein, 1335 Chestnut st., San Francisco. Willein refused him a drink, it

being after closing time, and Golden thereupon whipped out a Colt automatic pistol, ordering Willein and four customers against the wall, police said.

A seaman, Rantz Lathrop, 50, managed to knock the gun from Golden's hand. The customers swarmed Golden but in the struggle he regained the weapon, firing two shots and wounding Antoine Lelievre, 48, of San Francisco, in the right arm and elbow, and Nicholas Bougay, 59, of San Francisco.

He also injured with rapid blows from the gun butt Wellein, Lathrop and Edward Morris, 46, of San Francisco.

On freeing himself he ran from the bar. Wellein fired a shot at him with the gun kept at the bar, but he escaped.

Daly City Alerted
Daly City police officers were alerted and were in waiting at Golden's home. While there Mrs. Hall telephoned Mrs. Golden to inform her Golden had arrived there, declaring he had been in an automobile accident and had no money to get home.

Daly City police immediately notified the San Francisco officers, who rushed to the Hall residence. Mrs. Hall at first denied that Golden was there, but later said he was hiding in a vacant flat upstairs.

Police, on entering the flat, found Golden, who had locked himself in and refused to come out. They were forced to batter down the door, and on gaining entry to the room, found Golden hiding under an old bed in the vacant residence.

He was held on a technical charge of "en route to Sacramento."

Two Local Businesses Named In Damage Suits
Friday a \$75,000 damage suit was filed in Superior Court by William Smidt, Daly City, against the Stockton Lumber Co., also of this city.

Suit charges that Smidt was struck by a truck owned by the company on Aug. 21 as he was walking in a cross-walk at the intersection of Westlake and Mariani streets here.

Another Daly City business house, the Town and County market, is named defendant in a damage suit for \$15,000 filed by Clara Owen. She alleges that on June 28 she slipped on some fruit peelings on the floor of the market and fell, suffering a broken arm and other injuries.

GREEN RESIGNS; GAGGERO MAYOR

Stating that "pressure of outside business was too much," Paul Green formally asked the City Council Monday night to accept his resignation from the mayoralty.

Green, who was replaced by Anthony J. Gaggero, former Daly City mayor, said he will remain on the council.

Actual resignation was believed to have taken place at a closed caucus meeting held Friday night. Green informed a county paper of his resignation plans Monday morning.

Daly City nearly had two mayors for a short time during Monday night's Council meeting. Paul Green stepped down from his chair to congratulate Anthony Gaggero. This was immediately after Gaggero had been nominated. However the Council overlooked for a short time the formality of voting him in. This error was summarily amended to and things proceeding smoothly, with new mayor Gaggero taking over the helm shortly afterward.

Green reportedly told the Council Friday night and then reiterated at the Monday session that last April his intentions were to serve as mayor until the city

nominated by Councilman Joe Verducci, after members had voted to accept Green's offer of resignation. Gaggero was elected unanimously.

Gaggero was first elected to the Council in 1942, and has served twice as mayor. He has been active throughout the county in public and civic affairs, and his presi-

dent of the North San Mateo county sanitation district.

He has served Daly City as a fire commissioner as well as being a director of the San Mateo county chapter of the Red Cross. At one time he was treasurer of the children's health home. The new mayor is 42 years old, is married and has three children. He has operated an insurance brokerage business for more than 20 years.

The outgoing mayor first assumed that position in 1946 and was granted a leave of absence for an operation in 1947. After being re-elected councilman in May of 1948, he was again appointed mayor in December, 1948. Green was given a new term and re-elected mayor in April last year.

News of Your Local Businesses and Business Men

By JANE KEITH

Never thought of baby sitting in connection with the DALY CITY-HILLTOP CAB CO., but Thomas J. (for Jeff) Martin, company owner, says they get lots and lots of calls for just that. Mother calls cab—leaves baby with driver and slowly ticking meter—dashes into store for steak—comes out with hamburger—rides home with happy baby and cab driver! Now, in case you're wondering how far that first 50c meter reading will carry you—Mr. Martin says about 7 blocks (1 1/2 mile). After that, the charge is 10c for each quarter mile.

Five cabs are in service 24 hours a day and each cab driver employed is a local and family man. These drivers work on a completely commission basis with no side salary from the company—so, don't be afraid to tip for good service if you have the means to do so. Commissions come—and they go, but the cost of living goes on forever!

Rainy season hope of the company is that mothers sending their children to school in a cab will arrange (if possible) a cab "pool" for their neighborhood! Such an arrangement would mean better service for a greater number of children—at minimum cost for all! Give it a thought, mothers, and then call PLaza 5-3490 or PLaza 5-4600 to make your date for on the dot service! Cabs are fully covered with insurance for carrying up to six children!

It's Jackets at DUBIN'S Men's and Boys' Clothing Store, on Top of the Hill, with a suede number leading the list for price and quality! This jacket (for men) is fully lined "a la quilt," has wool knit collar and cuffs and sells for a mere \$19.95! Favorite colors for me were the natural and navy—but others are available. These suedes are SO soft, so surely, smartly styled you'll just plain WANT ONE RIGHT NOW!

Dressier, lined, water resistant, zip fronted, slash pocket all purpose gabardine coat jackets are a dream here for only \$9.95! Color selection is wide—green, gray, navy, maroon and leather colors being available! Try DUBIN'S for jackets—you'll never be dubious about their quality merchandise!

Those new chenille robes in MODE O'DAY'S window are the first to ever tempt me into buying. Always felt (and saw for myself) that most women wrapped up tightly in chenille looked like skinned cats—or worse—but take it from me, these robes at MODE O'DAY are different! A set-in belt across the fullness above and below it makes for a chic back-line. Loose ties in front, combined with a tailored, gold buttoned collar closing plus three quarter sleeves make this just about a perfect robe and at the perfect price of \$6.50! MODE O'DAY'S address is 6428 Mission; Call PLaza 5-0617!

MILLER'S VARIETY, in Westlake, has those "renew-a-pocket" packages and those iron-on patches for jeans, faded denims, corduroys and sunstans! Price is 25c per pair and Mr. Miller says he sells 'em by the gross! Could be, too, because MILLER'S is the only store in Daly City to carry this item!

LEE'S DRUG STORE is responsible for maintaining what we would call that "attractive nuisance" of noisy pneumatic drills On Top of the Hill! Leon (better known as Lee) Bagrash, owner of LEE'S DRUG STORE, has bought a 25-foot frontage along Mission St. from Mr. Smith and has big ideas for a brand new drug store—and who knows what else—except that it will be a wonderful eye soother to us passers by and coming in customers!

Joe Fresenborg's reorganization of the former Farmer's Meat Co., on Top of the Hill, has done wonders for the morale of Mrs. Fresenborg (the maker of that superb potato salad)! Store's name has been changed to BUDGET SAVINGS STORE—and Mrs. F. says the budget part has carried over to her time spent in waiting on customers. "I can handle more customers than before—and with less work," says she, "and no extra help needed!"

Store address is 6386 Mission—and remember, for every item not on special you receive a Thrifty Shopper Stamp discount!

Poodle cloth sets the pace this week at GLEASON'S DRESS SHOP, on Top of the Hill, in a full, big pocketed skirt combined with 100% wool jersey—topped off with a ribbed, turtle neck and a cincher belt of jersey (backed, of course) centered with two adorable beaded poodle dogs! Sizes in this eminently "Bay Area" dress range from 9-15—and the price is \$20.95!

"Poodle" coat owners will vouch for the crush proof, bus proof qualities of this soft, springy, warm and textured material—and we are most happy to see it invade the dress field!

SF Museum Branch Will Open In Parkmerced

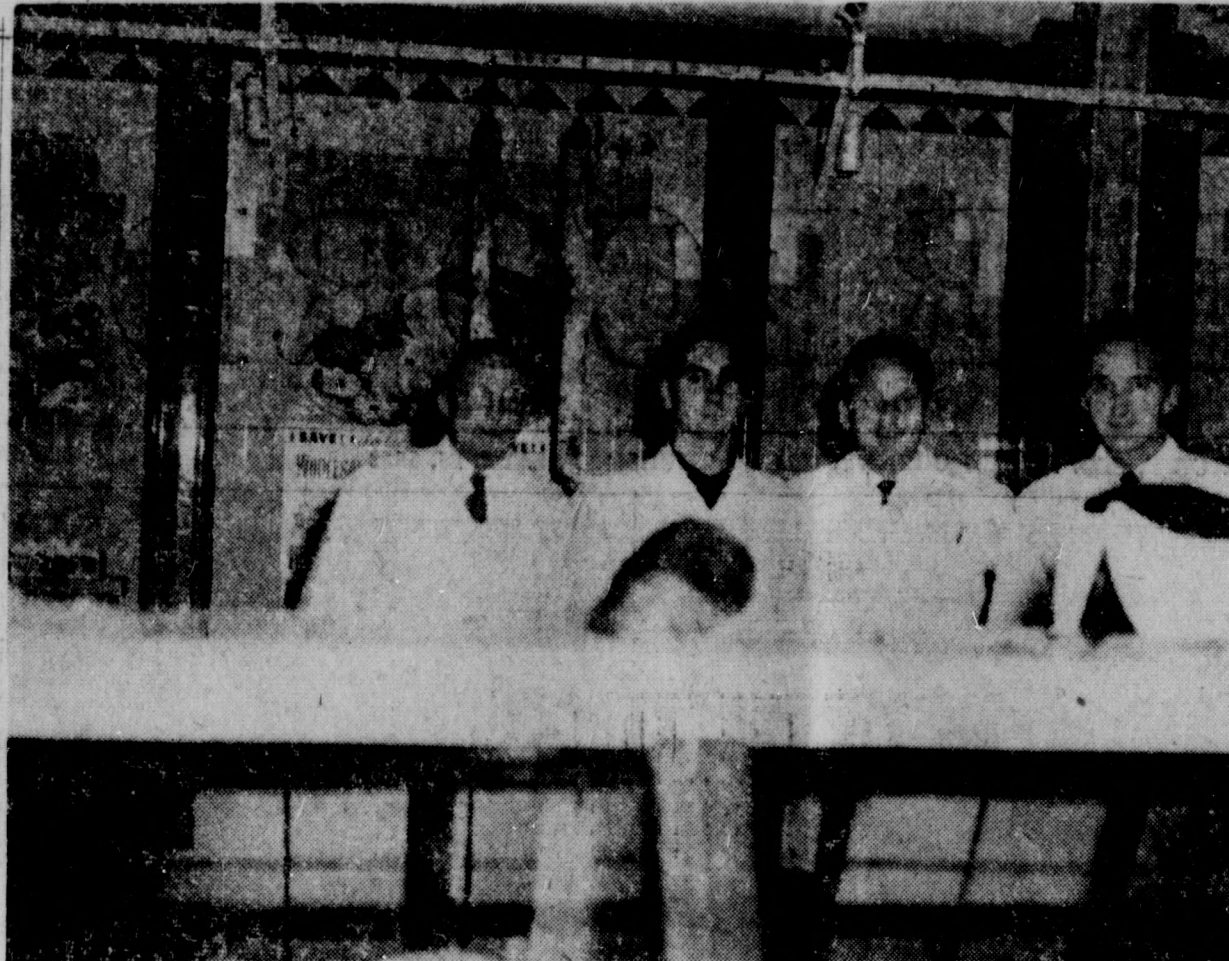

Brayton Wilbur, president of the San Francisco Museum of Art, announced today that plans have been completed for the opening of a branch of the museum in the Parkmerced community. The branch will be located in the Tower building at 100 Font Blvd., Parkmerced, and will be opened to the public on Thursday, October 2. Thereafter the branch will be open from 10 to 6 daily, and on Friday and Saturday evenings.

The Metropolitan Life Insurance Co., owners-developers of Parkmerced, are co-operating with the museum in this plan to bring exhibitions of contemporary art to the community. The museum's suc-

cess with its television program, "Art In Your Life," has encouraged it to take this further opportunity to engage the public interest in the various phases of contemporary art which it exhibits in its galleries in the War Memorial Building, Civic Center. Exhibitions at the branch will be changed once a month. The opening exhibition of "Modern Masters" will show an important selection from the museum's own collection.

NEW CAR DEALERS MAY PROVIDE POLL TRANSPORTATION

Convinced that citizens will vote if they can get to the polls to do so, new car dealers throughout the country are being urged by their National Association President, J. Saxton Lloyd to offer free transportation to all who need it November 4th!

And, reports the National Automobile Dealers Association, thousands of dealers have already expressed their intention to offer transportation in their communities.

Keynote of this non-partisan community service is "Vote as you please—but VOTE!" New car dealers will display posters and window strips urging all who want transportation to ask for it, and folders titled "Why you should vote" are being distributed. These folders emphasize the importance of every vote and offer a "lift" to the polls if it's wanted.

Both political parties have expressed the belief that the next president will be elected by the millions who have not voted in past elections. In 1896, 79% of those eligible voted, however the sorry fact is that this figure has declined to a shocking all-time low, 44% in 1950.

Many groups are urging that everyone vote. They should, and the efforts of these groups will undoubtedly be of value. But like the weather that "everyone talks about and nobody does anything about," it remains for new car dealers to put into motion a program of action. If you need transportation to the polls, November 4th, call your new car dealer.

SOME VETS STILL UNAWARE THEY MAY COLLECT ON INSURANCE

Three separate dividends on National Service Life Insurance have been paid since the end of World War II, according to Floyd D. Granger, Veterans Service Officer of San Mateo County, who adds, "Some veterans still haven't realized that they may be entitled to their share even if they dropped their insurance a long time ago. He explained that these dividends are the government's way of reimbursing veterans after it turned out that they paid higher premiums than necessary—due to this nation's not have more casualties in World War II.

"The first dividend payment was completed in 1950," Granger explained. It was a partial refund on premiums paid by servicemen during and after the Second World War, namely from 1940 through the 1948 anniversary date of each insurance policy. Special forms were provided for veterans to apply for their dividends. But 600,000 veterans never applied, and their money is still waiting for them.

The second dividend was mailed

in 1951 to persons who paid for NSLI protection for at least three months from 1948 to the policy anniversary date in 1951. No applications were necessary for this dividend.

Payment of the third dividend began in March of this year and is still going on, continued Granger. He explained that it was the first "regular" dividend, covering one year only, from the policy anniversary date in 1951 to the corresponding date this year. Again, a minimum of three months' premiums must have been paid during that time to earn a dividend.

"Veterans who want the third dividend in cash must apply for it in writing," Granger stated. Otherwise the money remains in the veteran's policy reserve fund. Dividends should arrive in the mail one or two months after the policy anniversary date.

For further information on this and other insurance matters, Mr. Granger invites veterans to visit his office at 517 Marshall street in Redwood City (directly in back of the courthouse).

County Schools Enroll 50,532 in September

During the opening week of September, 1952, 50,532 students registered in the San Mateo County public schools. This figure includes the estimated enrollment for the Menlo Park School district which opened Monday.

County Superintendent of Schools James R. Tormey in releasing the figures indicated that this amount was actually in excess of what had been predicted as final enrollment figures by next June, in a preliminary report by a State survey currently being conducted in the county.

Prior to this year no running enrollment summary has been gathered by the county office so that the only comparison for the above figure is with the report of enrollment for October 31, 1951, which was 45,520. Tormey predicted that the final enrollment figures for the school year 1952-53 would materially exceed most predictions made by individual districts and by State sources.

Parent Education Course Planned

"The Early Childhood Years" will be the theme of a parent-education course offered by the Marina Adult Education Service and co-sponsored by Sheridan PTA and a group of mothers working to form a co-operative nursery school in Ocean View District. The classes will be held on six consecutive Thursdays beginning on October 2, from 8 to 10 p.m., at the Pilgrim Congregational Community Church, 400 Randolph St.

The problems of the pre-school age child will be covered in the series of film and discussion periods led by Mrs. Shirley Kahn. With a master's degree from Smith College and a rich background of experience as a psychiatric social worker at Langley Porter Child Guidance Clinic, Mrs. Kahn has much to offer parents attending.

For further information call Mrs. J. F. Harrop, president of Sheridan PTA, at PLaza 5-0234; or Mrs. Robert Larribeau, publicity chairman, at JUNiper 4-9420.

Taggart Rally To Be Held In SSF

A Taggart for Congress rally in the northern section of San Mateo County will be held Wednesday evening, October 1, in the South San Francisco City Hall in conjunction with the regular monthly meeting of the San Mateo County Democratic Central Committee.

Frank Rose, Central Committee Chairman, stated that the meeting will be open to the public and that regular committee business will be kept to a minimum to permit Harold F. Taggart, the Democratic Congressional Candidate from the county, to make a major address.

Navy Cadet Drill Team Will Perform At Grid Contest

On Saturday, October 4, between the halves of the Stanford-Michigan intersectional football clash at Palo Alto, the U. S. Navy will present its nationally-famous Aviation Cadet Drill Team from the "Annapolis of the Air" at Pensacola, Florida.

The Cadet Drill Team is one of the finest precision marching units in the country and is being sponsored by the Naval Air Training Command, largest of the Navy's shore-based establishments, to interest young college men in Naval aviation.

The young men of the drill team are future Naval Aviators who are attending the Pre-Flight School at Pensacola. They have entered the Naval Aviation Cadet Program and are being trained to pilot the Navy's newest aircraft which are part of our modern Naval air arm.

THE RECORD RECOMMENDS

Topping the list of civic projects now is the completion of the War Memorial building. Citizens of Daly City will go to the polls October 28 to pass their verdict on the bonds which will go toward realization of this civic monument. At a microscopic cost of approximately \$1 per year per family these bonds can be paid for. THE RECORD, taking into consideration the inestimable value of the finished product, believes that a better bargain won't be found in a long while. Vote YES on the bonds for a better community.

Of nearly comparable importance are other civic projects which THE RECORD would like Daly City residents to keep in mind. We have incessantly reminded voters of some of these problems and yet we hesitate to halt now in the hopes that perhaps some action is within sight.

Daly City citizens, let's realize the following projects:

1. A coordinated civilian defense organization which would meet at least once a month to discuss disaster problems.
2. A Chamber of Commerce supported by local businessmen to improve the community.
3. Proper transportation facilities for Westlake and Daly City, preferably a privately operated line.
4. Recreation: Park for Westlake area; night lights for Marchbanks park.

In Keeping With National Newspaper Week

"An independent, control-free press is about all that stands between complete government domination of American life and the God-given rights of the people." This was the declaration recently of Frank Tripp, Chairman of the Board of the Gannett Newspapers.

Whether you agree wholly with that view or not, the fact is plain that the American press has fought courageously and consistently against the encroachment on individual liberties not only on the national and international level but in the state, county and local community as well. That fight has done much to stem the tide of regimentation and dictation.

A St. Louis newspaper was instrumental in uncovering the corruption involving a federal employee. Innumerable other instances of press-alertness in detecting and revealing improper conduct in public office are a matter of record.

THE RECORD hopes that local government will do its part in opening up channels of information to the people through the columns of this paper. Daly City has not been alone in having the

most onerous type of activity—the closed caucus meeting. We believe the new mayor, Anthony Gaggero, has sympathy with the opponents of the star chamber proceedings. If only the mayor could bring about an end to the clandestine gatherings he would render an immeasurably valuable service to the community. The community can act on public matters, but their actions are negligible in worth if they do not know the whole truth.

This newspaper—your newspaper—is dedicated not only to complete and accurate reporting of the news, but to better government and the support of every worthwhile civic improvement. A community needs newspaper support in order to progress. And the newspaper needs community support in order to be of service to the community.

In observing National Newspaper Week—October 1-8—the staff of this publication is more than ever aware of its responsibility not only to its readers but to all the people. It shall be our endeavor in the coming year to fulfill that responsibility with renewed vigor and determination.

Brief Respite In The War Of Words

Whether one calls it "beizball," as do the Russians who are the self-claimed inventors of the game, or baseball, the term which has adequately taken in the meaning since Abner Doubleday invented the game, one must admit it comes as a salvation in these trying times.

For the poor citizen if he had to weather the long grueling campaign tactics from early spring until autumn.

The World Series, or as Ring Lardner referred to it, the "world serious" comes as a refreshing

breeze after the stench and rancor of the presidential campaign winds.

From Daly City to New York, from Galveston to Butte, Mont., come World Series time, radio and television sets will be tuned to the big classic.

This is not a sign of public apathy to international problems and campaign rigamarole. It is something necessary, inherent in the American people. Without it the citizens probably would not survive the presidential campaign.

Money Grows On Trees In The Jury Room

Daly City residents are well aware that their auto insurance rates are about as injuriously high as any in the country.

However, the worst is yet to come, so said an insurance expert speaking before the American Bar association in San Francisco.

Reason for the higher rates will be the bigger awards handed out by juries in lawsuits arising out of automobile accidents.

If the 12 "good men and true" would only realize when they make damage awards that the mon-

ey is coming out of their pockets too, they might not be so lenient.

If juries continue to award ridiculously high sums because some shyster lawyer can convince them his client has a \$100,000 elbow, or a \$200,000 equanimity, auto insurance may soon be a thing of the past.

Buyers will have to make their down payment on the insurance, pay the remainder off in 18 easy payments, then begin paying for the car.

"Model Home" Racket Can Cost You Money

A survey made by the family economics bureau of the Northwestern National Life Insurance Co., in cooperation with Better Business Bureaus from coast to coast, reveals that good many home owners have been taken in on a "model home" scheme.

Here's the way the scheme works: A smooth-talking salesman offers the home owner a "special low price" on painting, roofing or some other improvement if the owner will allow the completed job to be shown to other prospective customers. Sometimes he is promised a commission on all sales resulting from the showing of the model job. The owner is actually charged as much or more than he would ordinarily pay and often gets substand-

ard work and materials. Nobody is ever brought around to see the job.

A similar type of racket is worked by putting off a discussion of price for the job with the emphasis on making the model job unusually attractive. When it is done and the "special low price" is quoted, the owner is stuck with payments for a long time.

Before accepting any special offer from a stranger check with either your Better Business Bureau or a local bank official for advice. They'll be glad to help and it may save you money and a d trouble.

Re That Announcement In Moscow

The announcement in Moscow of the Soviet-Chinese accord on the Manchurian Railway and Port Arthur looks a little one-sided in reading between the lines. The Russians say they will hand back the railway to the Chinese at the end of this year as agreed. Our guess is, however, that if they do keep their promise the Chinese will control it in name only.

Uncle Joe Stalin never gives up anything that's important—and that rail line is important. As for Port Arthur, the announcement quotes China's

Foreign Minister as requesting the Russians to stay on in Port Arthur for fear of Japanese aggression. That's as good, or as bad, a reason as any for the Soviets to keep a stranglehold on China.

Years ago a famous general in commenting on the military problems involved in fighting Russia had this to say: "You can go into Russia, but you can't get out." The Chinese are learning that this applies in other ways with the Soviet Union.

ON SPECIALIZATION

"The extreme specialization so typical today is in large part a retreat from the basic intellectual and ethical problems of our age. It provides the present murky climate of opinion in which so many people condemn, with a completely irrational emo-

tion, the free discussion of controversial issues. It is the arid soil from which the thorny tree of the totalitarian state has sprung so vigorously." (Dr. Lynn T. White, president of Mills College)

Thanks Record For Tri-City Festival News

The Record, Editor

Dear Sir

At this time I wish to take this opportunity, on behalf of Old Glory Post and Auxiliary No. 2044, V.F.W., to thank The Record for all the publicity we received for

our Tri-City Festival which was held recently in South San Francisco and was a huge success—due to a great extent to all the publicity and cooperation you extended to us.

Sincerely,
Marie Gehrig, president.

In The Past

In the years gone by, 1942, '37, '27, these names, facts and incidents made up the news for residents of Daly City and neighboring areas:

TEN YEARS AGO
Thursday, Sept. 24 (1942) — President Franklin Delano Roosevelt officially recognized Civilian Defense day and the Daly City volunteers who completed 90 hours of basic training. The letter from the white house, written by the president's secretary, M. H. McIntyre, was in answer to a telegram sent to the president by Arthur J. Bodien, director of the program here, on Civilian Defense Day.

Delivering a sound warning to all motorists in Daly City who are preparing to play the role of the "early bird who catches the worm" when national gasoline rationing goes into effect, Fire Chief A. P. Chesney cautioned against storing gasoline in homes.

Not over 5 gallons of explosive material can be stored in any residence at any time under a state law, and the container in which the maximum five gallons is kept must be approved by the local fire department. Chief Chesney declared that strict enforcement of this law will be in effect in this community, and anyone found violating this law will face state charges.

With this month's quota for drafts out of the way, Daly City Draft Board No. 103 and its personnel this week began to formulate a contingent of 75 men to fill the October call for selectees-soldiers. The 70 men selected and approved by the board will be inducted Tuesday, Oct. 27.

The board is still stocked with 1-A registrants, and the drafting of these men will continue before 3-As will be taken.

FIFTEEN YEARS AGO
Sept. 24 (1927) — The pupils of the Jefferson school district participated wholeheartedly in the San Mateo County Floral Fiesta by entering a replica of an old Spanish Garden, which they called "La Casa Teresita." Woodrow

Wilson Elementary school also entered into the spirit of things by exhibiting some of the art work done in its school.

Announcements have been received of the marriage of Miss Audrey Diamond of San Francisco and Mr. Walter Allen of Redwood City. Mrs. Allen is well known in Daly City, having been drill major of El Carmelo drill team, N.D.G.W. of Daly City. Her many friends in the community extended their best wishes to the young couple.

TWENTY-FIVE YEARS AGO
Sept. 23 (1927) — Advocates of horse racing in California lost the first round of a court battle to test the validity of the state law against wagering on horse races when Superior Judge George H. Buck denied a writ of habeas corpus to James McDonald of San Francisco, arrested by Sheriff James J. McGrath a month ago at Tanforan race track, after McDonald had placed a bet on a race under the "certificate system." Judge Buck's decision read: "Writ of habeas corpus denied. Let the petitioner apply to the higher court."

The decision, awaited by race track owners and others in all parts of the state in hopes of a favorable decision, was handed down following submission of the case on briefs some two weeks previous. The decision means that in the opinion of the court the "certificate system," in which the bettor purchases "an interest in the race," according to the proponents of the new method of betting, constitutes a violation of the law.

Work started Wednesday on the San Mateo-Hayward bridge across San Francisco bay. Establishing an office in the old National Bank building, San Mateo, A. W. Deuel, chief field engineer for the Raymond Concrete Construction company of New York, put a crew of surveyors and their helpers on the job drawing lines for the western approach running two and one half miles from the bridge head to Ninth ave., San Mateo.

?...Have You Ever Wondered...?

Q: What is the candlepower of the full Moon and of the Sun?

A: The Sun's brightness in candlepower is about four billion billion (i.e., four followed by 27 zeros). Since the Sun is about half a million times as bright as the full Moon, the latter would be equivalent to about 8,000 billion billion candlepower.

Q: What is the heaviest atom yet discovered?

A: This is californium, whose production by means of high energy particles from the cyclotron at the University of California was announced early in 1950. Its atom is 244 times as heavy as the lightest atom of hydrogen, which is the lightest known.

Q: How far is the horizon, as seen over the ocean by a person standing at the water's edge?

A: Assuming his eyes are five feet high, the horizon would be at a distance of about three miles. At ten feet, it would be about 4.2 miles away and at 50 feet about 7.2 miles. From an airplane a mile high, the distance would be about 95 miles.

Q: What is the difference between the Fahrenheit, Centigrade,

Kelvin and Rankine scales of temperature?

A: The Fahrenheit scale, commonly used in English-speaking countries, was intended to have the temperature of a mixture of ice and salt as zero, and that of the body as 96 degrees (though actually the normal body temperature is 98.6). The Centigrade scale, also known by the name of Celsius, has as zero the freezing point of water, while the boiling point is 100 degrees. At 273 degrees below zero C, or minus 460 F., all heat would be removed from an object, and this is called absolute zero.

The Kelvin temperature (also called the Absolute temperature) is measured from absolute zero in Centigrade degrees, and is equal to the Centigrade temperature plus 273. The Rankine temperature, measured in Fahrenheit degrees from absolute zero, equals the temperature F. plus 460. There is also the Reaumur scale, in which zero is the same as the Centigrade zero, but the boiling point of water is 80 degrees instead of 100. A temperature of 70 Fahrenheit is equal approximately to 21 Centigrade, 17 Reaumur, 294 Kelvin and 830 Rankine.

Ridgely Cummings . . . HOLLYWOOD

Some weeks nothing worth a column of type seems to happen. This is one of those weeks. I was supposed to have gone to the Farmer's Market in Los Angeles, one of the showplaces on the west coast and a spot to which in more than a year of residence here I have devoted only a casual glance. But other things intervened.

If I had gone I would have now had material for an informative column about out-size vegetables, exotic restaurants specializing in the cuisine of all nations, and doubtless other wonders. But instead, I spent the time writing an obituary, buying a pair of flannel slacks and staging a comedy.

The obituary was an editorial request, one of the things a freelance writer likes because it means it will be sure to be printed. It dealt with a departed social worker friend and will appear in a professional publication devoted to discussing problems in community living. It was clear, warm and full of tender descriptive passages which moved me mightily as I wrote them. If only one reader reacts the same way it will have been time well spent.

The trousers didn't materialize. I looked at several cheap pair and finally in an exclusive shop decided upon a hand-stitched item made of imported wool. The price with sales tax came to an exorbitant \$41. I went to a department store to buy a substitute at half the price but decided that since a man can wear only one pair of trousers at a time I might as well get the best. On returning to the exclusive shop I offered to pay half down and half next month.

The manager said fine, he had a lay-away plan and would be glad to put cuffs on the pants and hold them for me until I paid the balance. I explained that I wanted to wear them now and when he learned that I was a writer he de-

cided I was a poor credit risk. So no slacks.

The play was what took up most of the time. It is called "See My Lawyer," a comedy written by Richard Maibaum and Harry Clark and produced on Broadway in 1939 with Milton Berle, Gary Merrill and Teddy Hart in the leads.

I've been busy on the play quite a while. Two months ago a friend named Joe Van Winkle decided he wanted to produce it and enlisted my aid. Joe holds down a good job with Warner Brothers in Burbank. However his work, although responsible, doesn't give sufficient scope to his creative talents. He wants to become a director and the best way to become a director is to prove you can direct.

Joe got a lease on a little theatre in Hollywood. He made a deal whereby we paid half of the month's rent in advance and promised to pay the rest by turning over fifty per cent of each night's receipts to Sid Tracy and Will Ahearn, two old-time vaudevillians who own the theatre and like nothing better than to give drama a helpful boost.

Ahearn and Tracy threw in a rehearsal hall on the bargain. I wrote an announcement for the papers saying we were holding open casting and we were in business.

A lot of talented actors and actresses, hopeful of attracting some producer's eye and getting a movie contract, turned up for our tryouts. Also we were fortunate in getting the services of members of Equity, American Guild of Variety Artists and Screen Actor's Guild. Among them was a well-known character actor named Sammy Cohen, who played in "What Price Glory," "The Fighting 69th" and a dozen other films.

We cast the show, which has 15

roles, with one-third veterans and the rest less experienced newcomers to Hollywood who were looking for a showcase.

Then we went into rehearsal, with Joe directing. Various crises arose as members of the cast got new jobs, left town or for other reasons had to drop out.

Finally, to considerable fanfare, we opened. On opening night Joe Van Winkle, the producer-director, was backstage doubling as an actor, replacing someone who was unavoidably absent. In my capacity as associate producer I was the front man, painting signs, putting up posters and on this occasion greeting critics and selling tickets in the box office.

A representative of Equity turned up carrying an imposing briefcase and asked for Van Winkle. I said he was too busy to be disturbed. It turned out Equity wanted to close the show because we weren't paying the scale required by the theatre union and had neglected to sign waivers. I stalled the representative until after the third act. Then we held a meeting on the stage, ironed out our differences, signed the waivers and posted a bond so the show could continue. Another crisis surmounted.

The reviews varied from lukewarm to favorable and all of them had nice things to say for Joe's direction. None of them mentioned the associate producer, alas, but Sammy Cohen, who in his quiet, humorous way was a tower of strength, drew critical recognition, as did Bill Tomlinson, Jack Davis and Sally Hayworth.

As I write now, we have been on the boards two weeks, with two more to go. When "See My Lawyer" becomes ancient history and I have a little free time, I'll drop over to Farmer's Market and write a real, genuine informative column.

Daly City Woman In Alemany Collision

Three women were injured last weekend in a broadside collision on Alemany boulevard extension at Park Plaza.

Officers said autos driven by Mrs. Rose Marie Wheaton, 55, of apt. 20, 21 Park Plaza drive, Daly City, and Mrs. Anna Rapagnani, 28, of 22 Farrallone street, San Francisco, collided. The two drivers and Mrs. Margaret Corum, 29, of 3696 Bronson st., San Bernardino, were taken to Junipero Serra hospital.

DALY CITY MAN IN KOREAN WAR AREA

Aviation Ordnance Man Charles H. Johnson, son of H. G. Johnson, 286 Los Banos ave., Daly City, is now on his second cruise in Korean waters aboard the U.S.S. Oriskany, which is launching daily aerial strikes against the enemy.

A former student at Jefferson Union High school, Johnson enlisted in the Navy in November of 1950 and took his boot training at San Diego.

He is now attached to Attack Squadron 923.

He has also been with the U.S.S. Bon Homme Richard and at the Naval Air Station, Miramar, San Diego.

Johnson has seen duty in the United Nations Japanese occupation and wears a ribbon with one star for Korean service, Chinese aggression.

His term of service is up April 21, 1954.

Piano Recital In SF

Birdie Cohen will play a piano recital in the San Francisco Main Library on Monday evening, October 6, at 8 p.m. Presented by the Musicians' Union, local No. 6, the Performance Trust Fund, James Petrillo, Pres. The program includes music by Mozart, Chopin, La Traviata Fantasia, Hungarian Rhapsody No. 6, Liszt, Warsaw Concerto and other compositions. The admission is free and the public is invited.

into criminally wasted adults.

From Votaw the assemblage learned that the same overcrowded conditions in this county prevail to a great extent throughout California.

"The state," he said, "has a backlog of 350 children waiting for room to be found for them in institutions where they can be placed under the rehabilitation program. Some of the older offenders are being kept in county jails, due to lack of proper other facilities."

Votaw sounded praise of the San Mateo County probation committee, of Chief Probation Officer John S. Cowgill and staff, and told of Juvenile Hall here as being the pattern copied by many other counties throughout the nation.

Pledges from the many organization leaders to carry countywide the need of passing the \$400,000 bond issue at the November 4 election, were received last Wednesday night.

Gordon V. Cady On Attack Transport

Among those serving aboard the attack transport USS Merrick in the Far East, on its first major assignment since recommissioning this year, is Gordon V. Cady, engineman third class, USN, son of Mr. and Mrs. Virgil Cady of 741 Niantic st., Daly City, Calif.

Cady, who was graduated from Jefferson Union High School in 1948, entered the Navy Sept. 17, 1948.

S. M. Health Group Approves Hospital Bond Issue

The San Mateo County Tuberculosis and Health Association through its Board of Directors last night gave its unqualified endorsement of the Community Hospital Bond issue which will be on the ballot November 4th.

The group learned from Dr. Harold D. Chope, Director of the San Mateo County Department of Public Health and Welfare, that there have been no beds added to the Community Hospital during the last 20 years, although county population has tripled.

As there are no other hospitals in the area which take cases of communicable disease, the Community Hospital would have to bear the full burden if there were to be an epidemic in San Mateo County. The need for beds for psychiatric cases was also pointed out by Dr. Chope.

Join Civil Defense and learn what to do, when to do it and how to do it—in the event of enemy attack.

Church News

Special Program At Ocean View Sunday

A special program will be given by children of Ocean View Christian church Sunday morning at 9:30 o'clock in recognition of promotion day and also the second anniversary of the opening of the Sunday church school at that site.

At 10:45 the same day a service of dedication and commitment will be held for the church school officers and teachers. Sermon title will be "Our Pattern."

That evening a youth meeting will be held at 7 o'clock and at 7:30 a workers' training class will meet at the West Side Christian church near Divisadero.

On Tuesday night the Ocean View congregation will attend the pageant in honor of the Revised Standard version of the Bible at the First Congregational church, Post and Mason streets. Meeting time is 8 p.m.

Choir practice will be held Wednesday night and at the midweek meeting on Thursday night, 7:30 o'clock.

Minister of the Ocean View Christian church, San Jose at Sagamore, is W. Lawrence Wells.

Lutherans Will Observe Annual Rally Day Sunday

Sunday the annual Rally Day will be observed in the Sunday school and church service at Bethel Lutheran church, Alemany blvd. and Huron ave.

The Sunday school meets at 9:30 o'clock. The children of various classes will participate in the program, and parents will have the opportunity of meeting with the teachers.

Divine Worship will be conducted at 10:45 o'clock. The Rev. Herbert P. Schroeder will preach on the subject: "A God-given Task." The choir will render special music.

An addition has been made to the organ consisting of a new Trumpet stop having 61 pipes. This Trumpet stops adds greater variety and color to the organ, and makes the organ more effective for congregational singing.

The choir has been reorganized and meets every Wednesday evening at 8 o'clock.

Inter-Denominational Service To Be Held

An inter-denominational observance will be held Tuesday night beginning at 7:45 o'clock at the First Congregational church, Post and Mason, San Francisco.

The observance will be devoted to the announcing of the publishing of the revised standard version of the Holy Bible.

This version has been called the greatest thing in 341 years, and is the result of years of Christian scholarship. The text is easier to understand, yet retains the stately expressions and the beautiful language of earlier versions. Those interested are invited to attend.

Civil Defense training comes in handy in the event of natural disaster, like the Bakersfield earthquakes.

Lutheran Church Will Hold Bible Study Week

Beginning Sept. 28 through Oct. 3 marks Bible Study Week for the Lutheran Church of Our Savior.

The American Lutheran Church throughout the land is sponsoring the week, because of its belief that every Christian ought to devote some time daily to the Bible.

The local church is planning a program of nightly Bible studies on the book of II Timothy. Churches throughout the nation will be studying along with the local group.

Each night, Monday through Friday, at 7:30 o'clock the Rev. Robert G. Konzelman, B.D., Pastor, will lead a one hour study and a 15 minute question period.

All who wish to know more about the Bible, and how to study it or who seek inspiration and power in their lives are invited to attend. Bring your Bible, notebook and pencil.

Sunday morning Divine Worship will be held at 8:30 and 11 o'clock. Bible Classes and Sunday school commence at 9:45 a.m.

Grace Presbyterian Rally, Promotion Day

Sunday is rally and promotion day in the Sunday school of the Grace Presbyterian church.

In connection with the morning worship service the publication of the new standard revised version of the Old Testament will be celebrated.

Sept. 28 marks the beginning of Christian education week.

Friday evening, Oct. 3, will be family night and there will be a family dinner and showing of films on the Bible. The Pastor's Sunday morning sermon topic will be "Searching the Scriptures."

Four Daily City Drivers Get Licenses Revoked

Four Daily City residents had their drivers licenses revoked by the State department of motor vehicles during the four day period Sept. 8-12.

They were: James Noble, 135 Woodrow street; Ray Gordon Rasmussen, 443 Vista Grande avenue; John Anthony Russo, 193 Hillside boulevard; and Samuel Van Lieu, 215 Knowles avenue.

Civil Defense is here to stay... we will need it just as long as we need a strong military force.

BROADMOOR CHURCH TO OBSERVE RALLY DAY

Broadmoor Community Presbyterian church will observe rally day Sunday with Sunday school and coffee classes beginning at 9:45 a.m.

The coffee class is designed for parents who bring their children to Sunday school, and those wishing to attend may come dressed as they please and enjoy coffee while they are waiting for their children.

At 11 a.m. the regular morning worship and consecration service will be held. The Rev. John A. Glasco's sermon title will be "God's Witnesses for Man's Good."

That evening at 7 o'clock the Westminster Fellowship for high school young people will meet.

In keeping with the national observance, the Broadmoor church will also announce the publishing of the revised standard version of the Holy Bible.

Winston Manor Baptist Schedule Announced

The following schedule of activities for the Winston Manor Community church has been announced.

Sunday, 9:45 a.m.—Bible school for all ages. The adult Bible class is taught by Elvin Medlin, senior student and Student Body President of the San Francisco Baptist college.

7:30 p.m., evening fellowship hour with singing and a study of the word of God.

Wednesday, 8 p.m.—Mid-week prayer and praise service and monthly communion service.

All services are held in the Noble and San Francisco chapels of the Cypress Lawn Memorial park.

Mothers Club To Hold Gathering, Hear Speaker

The Mothers Club of Our Lady of Perpetual Help School will attend Mass and Communion next Sunday, September 28, at 8 o'clock. Breakfast will be served in the cafeteria.

All members and friends are invited to attend. Mr. Emmett Lucey, prominent San Francisco attorney, graduate of the University of San Francisco, Grand Knight of Golden Gate Council, Knights of Columbus, and a Naval Officer of the first World War, will be the guest speaker. Mrs. William Carrington is chairman of the affair.

P.T.A. To Hold Parent-Ed Classes

The second in a series of six parent-education classes, dealing with the problems of the preschool-age child and sponsored by Sheridan PTA, will be held on Thursday, October 9, from 8 to 10 p.m. at the Pilgrim Congregational Church, 400 Randolph street.

Mrs. Shirley Kahn, representative of the Family Life Education Service of the Marina Adult Schools, will speak on "The Early Childhood Years," followed by a film and a discussion period. Co-sponsors of the study course are the Mothers' Club of the Pilgrim Congregational Church, and a group of mothers organizing a co-operative nursery school in Ocean View District.

For further information, contact Mrs. J. F. Harrop, president of Sheridan PTA, at Plaza 5-0234.

St. Emydius P.T.A. To Hold Meeting

The next regular meeting of the Saint Emydius Parent-Teacher Group will be held Wednesday, October 8, at 8 p.m. in the Social Center, Jules Ave. and DeMontford St. Mr. William L. Ferdon, former Assistant Public Defender, will speak on the subject "Sacrilege Means Nothing."

The time of this meeting has been changed from 1 p.m. to allow working mothers to attend. The fathers have been invited also.

The advisory board will meet the same day in the Social Center Library at 1 p.m.

Every family should select the safest area in the home, away from flying glass, as a shelter against enemy attack. But to select it is not enough! Make it safe by removing objects which could be turned into flying missiles by the bomb blast, then equip it with food supplies, first aid items, blankets...

HEAD OFFICE OF FOAM CEMENT COMPANY HERE -- PLANT BEGINS OPERATIONS AT COLMA SITE

A small, inconspicuous office at 6281 Mission st., Daly City, is the headquarters of what might become a booming industry in the north county.

For it is there that operations of the newly incorporated firm, Betocel Foam Cement of California, Inc., is basing its operations.

Betocel is probably a new word to many, but the company's partners, John R. Sofio, executive vice president, William "Bill" Degliantoni, secretary-treasurer, and Robert Sofio, president, will be quick to let those within earshot know their product won't remain anonymous for long.

The three men own 75 per cent of the shares in the closed corporation which has its genesis in Italy.

Italians Were First Betocel, known as a multi-cellular foam cement, has been produced by the Italians, thousands of years masters in the art of stone and sand products, for the past 20 years.

European builders, in that time, Degliantoni says, have outstripped American efforts in construction, with their use of the Betocel-type cements.

A visit to the firm's plant, still in the embryo stage, on Collins ave. off the El Camino highway in Colma, reveals a process that is something akin to the precision of a scientist's laboratory work.

One part of the ingredients, sand and cement, are no different than any other building mixture, but after that, it's anybody's guess, except for the members of the firm, who are naturally reticent to divulge any part of their formula.

Bubbles Form Chemicals used are first revolved in a small mixer, with revolutions set with minute exactness. After a few turns in the machine, the mixture begins to develop thousands of infinitesimal bubbles, the secret of the light foam cement.

Cures 27 Days The cement and sand is then added, also with great care. After the combined ingredients have been turned in the mixer they are then poured into buckets and later into 27 forms. Secret of the light foam cement, excluding the formula, is to retain the small bubbles, Degliantoni said. After removal from the forms a day later, the blocks must be cured for 27 days.

It is the bubbles that make for the lightness of the cement and give it its insulation qualities. Degliantoni explained that the cells being relatively small and independent perfect insulation from heat, cold and sound is assured. He pointed out that other products such as wool, silk, cork, wood, felt and glass wool do not have independence of air cells and therefore give a partial and temporary protection and are subject to deterioration. According to Degliantoni, Betocel is indestructible and impervious to termites.

He illustrated the value of the bubbles by adding that regular porous cement placed in water will sink because of intercommunication between the cells, while Betocel floats in water and increases only 13 per cent in weight after an immersion of 60 days and 21 per cent after 360 days.

However, Degliantoni said, there are dangers to be encountered in preparing the mixture. Any slight

deviation in the process or in the ingredients will result in the spoiling of the product.

Like Cake Baking He compared the process to that in "baking a cake," explaining that the cement sometimes will "fall," rendering it of low quality.

Degliantoni showed a large pile outside the plant which was made up of cement that hadn't been prepared properly.

The members of the new firm here aren't bothering with patenting the process. "There isn't a builder or a chemical engineer in the country that could duplicate the formula," Degliantoni said.

At present the firm's capacity is limited to the amount of cement that can be handled in the 100 forms there. However, expansion is highly probable, according to the owners.

Betocel is used in construction and insulation only in pre-fabricated blocks, which can be made almost any size or shape with varying molds. The company plans to enlarge its forms to 10 inches deep, thus increasing capacity five-fold.

Besides being cheaper to produce, there are many other advantages in the use of Betocel, as outlined by Degliantoni.

Resists Lowest Temperature The product resists the lowest temperature without cracking or disintegrating, and, at the other end of the thermometer, it acts as a heat insulator and can be used with impunity for high temperature ovens and furnaces and will withstand 3000 degrees Fahrenheit before crumbling.

The weight is listed at 450 lbs. per cubic yard, with a maximum of 2700 lbs. per cubic yard.

Evidence of the number of air spaces in Betocel is the fact that it contains 60 to 200 gallons of air per cubic yard, according to density. Size of the air cells varies. Betocel weighing 500 lbs. per cubic yard is equivalent to cork covered with pitch or tar.

Can Be Sawn A quality of Betocel which no other cement product can make claim to is that it can be sawed easily, as one might do wood, and facilitates handling.

Degliantoni said that Betocel need only be one-tenth the thickness of brick walls and one-sixth the thickness of perforated brick to perform the same insulation function, whether acoustical or otherwise.

The company hasn't put any Betocel on the market here yet but when they do, they expect little trouble in getting orders for as much of the product as they can produce—at least for the present. And with formula known only by members of the firm, the chances are nil that anybody else is going to beat them to the punch.

\$55 Raised Tuesday At Campaign Meet The sum of \$55 was raised Tuesday night at the home of George W. Clapper, 182 Westlake, by the Stevenson volunteers of Daly City.

The money will go to the National Stevenson for President campaign fund. Among those contributing were: Mrs. Gwendolyn Clapper, Michael Coco, Frank Kent, and Julius F. Castelan.

Local Man Serving With Attack Sqdn.

Serving with Attack Squadron 195, aboard the 27,000 ton aircraft carrier USS Princeton, is David W. Cafferata, airman, USN, son of Mr. and Mrs. David A. Cafferata of 44 Gambetta st., Daly City.

Cafferata is assigned to the flight line division of the squadron where his duties consist of flight line maintenance of his assigned aircraft.

The Princeton and Carrier Air Group 19, of which Attack Squadron 195 is a part, are both currently on their second tour in Korean waters.

The squadron recently participated in the joint Navy-Air Force bombing of the North Korean capital of Pyongyang, delivering more than fifty tons of high explosives in deadly attacks on pinpoint targets.

Combat Veterans Can Get \$45 Per Month

Servicemen and veterans who had combat service in the Korean combat zone after May 31, 1950, can now get official application forms at their local postoffices for the \$45-a-month combat pay recently authorized by Congress. Floyd D. Granger, Veterans Service Officer of San Mateo County, said today.

The service officer said the claim form issued by the Department of Defense—Form DD 667—was scheduled to be ready for distribution on and after September 15 at post offices throughout the country.

To be entitled to the extra combat pay for any month of service, a serviceman or veteran must have been under hostile fire for at least six days of that month while serving with a combat unit of regimental size or smaller, or in a vessel or aircraft, Granger noted.

Survivors of servicemen killed in action while serving with a combat unit in Korea may file a claim for the combat pay. All combat pay claims, Granger emphasized, should be sent in on DD Form 667 to avoid delay in processing.

Even though applicants are warned by the armed services to expect delays in settlement of claims for periods prior to July 1, 1952, because of the task of checking combat records.

YOUTHS ADMIT FIVE COUNTY STORE THEFTS

Two youths arrested in Millbrae for speeding Friday have confessed to five store burglaries in the county during recent weeks.

Daly City police said the pair, Charles Shanklin, 20, who gave his address as c/o The Breakers, Rockaway Beach, and Ross Galacher, 21, of 6132 Bernhardt st., Richmond, have not yet admitted to any of the three enterings of Daly City stores last week.

They were questioned Saturday by local police but admitted no connection with any of the attempted burglaries here. Daly City Police Officer Roy Beecher said the boys would be questioned again to see if they had altered their stand.

A federal bureau of investigation agent Saturday picked up a rare automatic pistol taken from the youths. It will be submitted to ballistic tests to determine if it was the gun used in the slaying of two General Motor company executives last July at Crater Lake National park.

COUNTY PTA ENDORSES \$400,000 BOND ISSUE

The Seventeenth District (San Mateo County) of California Congress of Parents and Teachers, Inc., has voted unanimously to support the \$400,000 Juvenile Hall bond issue which will be on the ballot at the November 4 election.

Word to this effect was received by Judge Aylett Cotton of Juvenile Court, from Mrs. Hugh S. Falconer, corresponding secretary of the countywide teachers' organization.

"We, as a district, will assist you wherever and however we can in the passing of this measure, and we wish you every success," Mrs. Falconer wrote.

Mrs. Rae Caplan of Menlo Park, president of Seventeenth District Congress of Parents and Teachers, was in conference yesterday with Judge Cotton and Police Chief Marty McDonnell of San Mateo. McDonnell is a member of the San Mateo County Probation Committee which, with the San Mateo County Board of Supervisors, is asking approval of the bond issue so that needed enlargement of Juvenile Hall can be financed.

AROUND THE AREA

Action Sustained

Despite protests from a delegation of parents of 14 Burlingame High school students who were suspended last week for hazing, trustees of the high school board sustained the action of Burlingame High school Principal Karl V. Loeffler.

But parents and citizens attending the meeting were assured the investigation was not closed and that more, and similar suspensions might follow. Parental objection centered mainly around the idea that the punishment did not fit the "crime."

Decision to make a thorough probe was prompted by the allegation of William Morgan, who said that the hazing of his son two years ago had resulted in detrimental mental effects.

"They threw him from an automobile, roughed him up, punched him in the nose. The boy has not been right since then."

Parents told the board they did not believe the 14 boys suspended should pay the penalty for the acts of nearly 50, with the majority escaping without censure.

Piano solos and duets by Ronald Cassentine and Lowell Kliner highlighted the afternoon's festivities.

Assisting in serving were: Mrs. Marian Puccinelli, Mrs. Jean Landress, and Miss Lee Bingham.

Serra Mother's Group Schedules Card Party

With fall activities being planned by all groups, the members of the Mothers' Auxiliary of Serra High School in San Mateo intend not to lag behind and are already scheduling a major event for next month—a card party which will be held in the school auditorium the latter part of October. Mrs. Le Roy Gast, president at the auxiliary's first meeting of the season on Wednesday when this venture was launched and named Mrs. Joseph Sweeney and Mrs. Andrew Mcullen of San Mateo as co-chairmen. Mrs. Queron Danielski will be in charge of reservations, Mrs. John Kerrigan, assisted by Mrs. Bernard Reichmuth will plan the refreshments and co-chairmen Mrs. Frank Naples and Mrs. Charles Keyser will head the decorations committee.

This will be the third such affair sponsored by the auxiliary on the school premises. The past two years parties were very successfully held in various homes. There are, however, advantages to the large party, a gayety and sociability only achieved when all guests are gathered under one roof that decided members to set the Serra auditorium as the locale for this year's party.

With a unanimous vote from the board Mrs. Gast appointed Mrs. Vincent Kennedy as vice president to replace Mrs. Frank Shypert who has resigned due to illness. Other appointees include Mrs. Milton Gooding, membership chairman; Mrs. Thomas J. Duffy assisted by Mrs. J. Albert Paquette, publicity; Mrs. Frank Naples and Mrs. Charles Keyser, social; Mrs. Roy Stalker, social service; Mrs. Bernard Reichmuth, sunshine; Mrs. Edward Hall, shrines; and Mrs. W. C. Silberthorne, N.C.C.W. representatives.

Room mother chairmen will be Mrs. Robert Thurtell, senior class; Mrs. Harry Mayer, junior class; Mrs. James Prickett, sophomore class; and Mrs. Joseph Francoeur, freshman class. Advisory room mothers will be Mrs. Azimon Plehiers and Mrs. Louis Kavanaugh. Local women acting as room mothers include Mesdames Bacci, Louis Stanghellini, Leonard Zipp, and Charles Fracchia.

LAKE MERCED AUXILIARY INSPECTION HELD AT BROADMOOR CENTER SITE

On Tuesday the Lake Merced Auxiliary No. 9921 had their annual inspection by the 12th district President Lillian Lockhart.

The meeting took place at the Broadmoor Community center. Distinguished guests present were: Alta Bleush, past president; Evelyn Duff, treasurer of county council; Ann Johnson, president of Alan Nichols Auxiliary 69; Marie Gehrig, president of Old Glory No. 2044; Clara Poket, Catherine McKeown, Marjorie Johnson and Bonnie Ellinwood, all of Old

Glory.

Junipero Serra Auxiliary No. 7216 was represented by Florence Golyean, Marilyn Needham and Betty Jo Bill. From Menlo Park Auxiliary No. 7145 came Lucille Lange, Pauline Scarry and their president, Fern Meyers.

The district president, Lillian Lockhart, praised the auxiliary on their meeting and for the good work they have been doing this past year. She was presented with a gift from the auxiliary.

Dorothy Heim was presented

with a musicians pin by Hazel Eagleton for her service as musician for three consecutive years.

Mary Ann Read, member of the Lake Merced Auxiliary said she was selected chairman for the community chest drive covering Broadmoor village. She urged the support of all the members in this campaign.

Something new was added to the fun department of the auxiliary when a "come as you are breakfast" was held last Sunday at the home of Alice Mayville. It was a success in as much as many of the ladies were still sleeping when called on by President Rose Fisher. The auxiliary hopes to have another such breakfast soon.

Other clergy members present included the Rev. Father William Stewart, Chaplain of Court St. Mary, and the Rev. Father Joseph O. Reilly, resident priest of Daly City.

Distinguished guests included Mrs. Alice Parks, State Treasurer, and Mrs. Timothy Maloney, past State Regent.

Concluding the evening was the serving of refreshments to approximately four hundred persons present. Mrs. Fred Wettstein and her committee were in charge.

Woodrow Wilson PTA Holds First Meeting

At the first meeting of the Woodrow Wilson PTA Tuesday members heard a talk on "Safety in Our Community," given by officer J. Sundermann. A film entitled "The Safest Way" was also shown.

The PTA's mothers were asked to bring at least two of their favorite recipes to the meeting. The recipes will be made into a cook book which will be sold to raise money for the group.

A bazaar is also planned for Nov. 21. A program is scheduled and items such as cakes, pastries, home made garments, linens, potted plants and grab bags will be on hand.

At present Mrs. Robert Williams is acting president while Mrs. Forest Cunningham is away.

Community Chest Kick-Off Rally Slated October 2

San Mateo County Community Chest volunteers will witness a major battle of "classical vs. modern" music when Dorothy Warkensjold, star of opera, radio and television, meets Rusty Draper, California's popular TV singer, guitarist and night club entertainer, at the county-wide "Kick-Off Rally" for the 1953 Red Feather Campaign next Thursday evening, October 2, 7:45 p.m., at the Baywood Theatre, San Mateo.

Tickets will be in the mail this week to chest workers in all sections of San Mateo County who are registered with Chest Headquarters in San Mateo. This star-studded event will bring last minute campaign instructions, brief pep-talks by chest officials, motion picture entertainment and brilliant performances by these two famed musical performers as they compete in a highly dramatic contest.

This unique "Kick-Off" performance is the first of its kind for the San Mateo County Community Chest and is the realization of a long wished-for plan, according to Edward E. Keller, campaign chairman. Timely movies to be shown include "E Pluribus Unum" and "You're In The Picture," starring handsome Hollywood male star, Dale Robertson.

Celebrating the first anniversary of the unit and getting acquainted will be the order of business at the first fall meeting of the Westlake Parent Teacher Association. The meeting will take place in one of the Kindergarten rooms of the school, Thursday evening, October 2, at 8 p.m.

The faculty and special teachers will be introduced by the principal, Mrs. Eleanor Zenovich. Officers of the association also will be introduced.

Mrs. Howard A. Dunbar, president of the association, the Executive Board, and members of the unit cordially invite all parents and friends of the Westlake school to attend our Birthday party and evening planned to acquaint parents with each other and with their children's teachers.

DRUIDS INITIATE LARGE CLASS AT COLMA MEETING

Olive Grove, of Druids, initiated a large class of candidates at Colombo Hall, Colma, last Thursday.

The initiatory work was performed by the Degree Team composed of members of the various Druidic lodges in the peninsula area; namely, South San Francisco and Green Valley. The initiation was in charge of Joseph Memeo, Grand Secretary of the Druids of the State of California; and he was ably assisted by Albert Garibaldi, who is a member of Olive Grove.

The local men who were initiated were in charge of Joseph Memeo, Grand Secretary of the Druids of the State of California; and he was ably assisted by Albert Garibaldi, who is a member of Olive Grove.

The local men who were initiated were Edward Dennis, City Councilman of Daly City and president of the Milk Drivers' union; Joseph Messina, Daly City merchant; Gerald Fiore, restaurant operator; Robert Peterson, chauffeur; Newton Johnson, Southern Pacific employee; Nicholas Leonoudakis, dairyman; Frank Garibaldi, nurseryman; and Emil Von Merta, cement contractor.

Chairman Garibaldi states that in the near future much activity will be manifested by the members of Olive Grove which will be of interest to the local community.

S. F. Newswoman Speaks To PTA

When Anita Day Hubbard, columnist for the San Francisco Examiner, spoke at the regular Sheridan PTA meeting, held on September 16, she kept her audience smiling. Her theme was home influence on the child. She particularly stressed the role of wife and mother in reflecting both happiness and kindness on her husband and children, and how much good a smile or a kind word can do for the family as well as for the visitor in the home.

During the business meeting, Mrs. J. F. Harrop, president, invited the mothers to put into writing all their questions concerning both the Parent Teacher Association and school administration, and to drop them into the "question box." At the November regular meeting, the box will be opened and as many questions as possible will be answered by representatives of the PTA and of the school.

Mrs. R. W. Niemi, membership chairman of Second District, and Mrs. Harrop briefly explained the meaning of PTA membership at the request of one new mother who reported that she would be unable to attend the November "Question Box Program." Miss Esther Bahls, principal of Sheridan School, added that the "PTA is always there when we need them." As a result, Mrs. Robert Tideman, membership chairman for the unit, reported that ten new mothers immediately joined the membership, making a total of twenty-four new members signed during the meeting. Mrs. Tideman also announced that the annual membership campaign takes place during October and Sheridan PTA hopes to break last year's record of 253.

Old Glory Auxiliary Visit Vet Hospital

The patients of Ward No. 11 at the Veterans' hospital in Palo Alto were visited on Wednesday evening last week by Marie Gehrig, president of Old Glory Auxiliary No. 2044, V. F. W., and members Mary Conti, Bonnie Ellenwood, Marjorie Johnson, Leona Lombardi and Clara Poket.

The evening was spent dancing and before leaving, the ladies of the auxiliary assisted by members of Matalan Auxiliary No. 2063, V. F. W., and Shore View Memorial Auxiliary No. 7427, V. F. W., served refreshments to the patients.

The following evening President Gehrig, accompanied by Bonnie Ellenwood, Marjorie Johnson, Catherine McKeown and Clara Poket, visited Lake Merced Auxiliary No. 9921, V.F. W. It was the official installation of the auxiliary by the 12th District President Lillian Lockhart of Palo Alto.

Hillside PTA Honors Jefferson District Superintendent

The Hillside PTA honored the superintendent of the Jefferson Elementary School District, Mr. H. Z. Weibel and his wife, last Wednesday at their first meeting of the Fall season. Mr. Weibel introduced the new personnel of the district who have recently been hired. He, also was the guest speaker for the evening.

A reception was given to all the staff personnel and the teachers of the Colma School, who were introduced by Miss M. Tobias, principal of the school.

Corsages and boutonnières were presented to the honored guests. Refreshments were served by Mrs. Wm. Cheatham, the hospitality chairman, and Mrs. John Sorenson, Mrs. John Hiller and Mrs. Chas. Hansen.

The unit plans to have Mr. Cowgill of the San Mateo County Probation Department come and speak and also show films of the Hillcrest School. The fathers will be honored that evening. The date has been set for the evening of October 15th at the Colma school.

GRAPHIC EVIDENCE TO COLMA'S GROWTH is presented in the contrast found in the two pictures on this page. Above is Colma, 1915. Scene is looking north at Market and Mission streets. The quaint waiting room at right is now the Globe Tavern. Partly visible near the center of the picture on the left hand side of the street is the Old Colma hall, where many a shindig and hoedown were held by the old-timers.

HERE'S COLMA TODAY, same scene, minus some of the antiquarian splendor, but nevertheless valid testimony to its booming growth.

MOST ESSENTIAL SIGNAL

Traffic authorities will say that the three hand signals, those for left and right turns and for stopping, are equally important, but that is because they wish the motoring public would so treat them,

points out the National Automobile Club. They don't actually believe it.

The most important of the three signals, and the motorist who does not know it and act accordingly nearly always comes a cropper

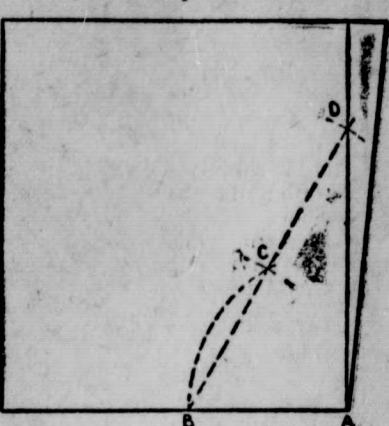

eventually, is that for the left turn. It involves by far the greatest conflict with other vehicles.

Within San Francisco Presidio is Mountain Lake, a government protected sanctuary for ducks and gulls.

To Square Materials

AS RECOMMENDED by American Builder, a leading trade journal, here's a quick method of squaring large sheets of material when a steel square is inaccurate or impractical. These are the steps to follow:

1. Choose a radius that is practical for the job, using "A" as the center.
2. Use the same radius with "B" as a center.
3. Draw a straight line through points "B" and "C."
4. Using same radius and with "C" as center, locate point "D."
5. Lines from "B" to "A" and "D" to "A" form a 90 degree angle.

Traffic Fatalities Up Two Per Cent

Provisional figures released today by the California Highway Patrol show that slightly more than 10 persons a day died in the traffic accident "epidemic" throughout the state last month.

The toll was 320 with the overwhelming majority, 258, killed in accidents occurring in rural areas. Sixty-one of the victims were pedestrians.

At the end of August this year's statewide traffic score stood at 2,187 killed, about 2 per cent more than during the first 8 months of 1951.

HEALTH OFFICIALS RECOMMEND EXAM FOR FOOD HANDLERS

"Health Certificates" for food handlers are no longer considered to be an effective means of preventing the spread of certain communicable diseases by way of foods. Emphasis is now placed upon providing adequate food handling facilities and the education of the food handler in good techniques, according to the San Mateo County Health Bulletin.

A comprehensive physical examination including a chest x-ray at regular intervals is a desirable procedure for every one regardless of his occupation and food handlers should not be singled out as the only individuals to profit by such a practice. Actually foods become a vehicle for the transmission of certain communicable diseases largely through carelessness on the part of the people involved. If every individual practiced good personal hygiene, few diseases would be transmitted through foods and certainly upper respiratory infections would be substantially reduced. A well-known Health Officer once remarked that if nasal secretions contained a bright red stain, our hands as well as our environment would take on a uniform bright red color, so carelessly is that secretion spread about. Yet it is the vehicle for transmission of very many diseases.

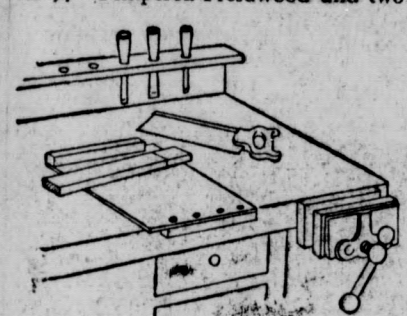

Branches of Sargassum weed frequently measure from one or two feet to two or three yards in diameter.

In the census decade, 1940-50, civilian employment in California increased from 2,574,000 to 4,351,000.

Sawing Board for Workshop

TO SAVE the home workshop bench on particularly tough jobs such as chiseling, flat sawing or boring holes, it's wise to have a sawing board. It may be made any dimensions desired. A suggested size is 10 by 14 inches. As illustrated, the sawing board consists of three pieces—a panel of Masonite 1/4" Tempered Presdwood and two

equally-sized pieces of 1 by 1 lumber. Fasten the panel to the sticks of wood through evenly-spaced, counter-sunk holes.

Toughness of the Tempered Presdwood will withstand any serious damage despite the cutting operations mentioned. Incidentally, workbench tops of this material are considered a "must" in many home shops. Industrial workbenches generally are covered with these wear-resistant panels due to their low cost and long life.

Ordinance No. 362

ORDINANCE AMENDING SECTION 4 OF ORDINANCE NUMBER 294 OF THE CITY OF DAILY CITY

SECTION 1. Section 4 "Permits, Variances and Amendments" of Ordinance Number 294 of the City of Daily City, California, adopted the 27th day of June, 1949, is amended to read:

Section 4.1. ZONING PERMITS. Zoning permits shall be required for all buildings and structures hereinafter erected, constructed, altered, repaired or moved with or into any district established by this ordinance and for the use of vacant land or for a change in the character of the use of land, within any district established by this ordinance.

Such permit shall be issued by the city building inspector. Application for such permit shall be on a form prescribed by the planning commission and shall be kept in the office of the building inspector. Such application and permit may be a part of the building permit application and permit.

Section 4.2. The City Council, upon certain findings as set forth in 4.21 by the planning commission in each case, as hereinafter provided, shall have the power to grant variances in the application of any of the provisions of this ordinance to the following extent and no further:

(a) To vary or modify the strict application of any of the regulations or provisions contained in this ordinance in cases in which there are practical difficulties or unnecessary hardships in the way of such strict application.

(b) To permit the extension of a district where the boundary line thereof divides a lot in one ownership at the time of the passage of this ordinance.

Section 4.23. Application for any variance permissible under the provisions of this section shall be made to the planning commission in the form of a written application, and shall be accompanied by a fee of ten dollars (\$10.00).

Upon receipt of any such application, the planning commission shall hold at least one (1) public hearing thereon, notice of which shall be given by one (1) publication in a newspaper of general circulation in the city, within the ten (10) days next preceding the date of said hearing. At said hearing the applicant shall present statement and adequate evidence, in such form as the planning commission may require, showing:

(a) That there are exceptional or extraordinary circumstances or conditions applying to the land, building or use referred to in the application, which circumstances or conditions do not apply generally to land, buildings or uses in the same district.

(b) That the granting of the application is necessary for the preservation and enjoyment of substantial property rights of the petitioner.

(c) That the granting of such application will not, under the circumstances of the particular case, materially affect adversely the health or safety of persons residing or working in the neighborhood of the property of the applicant and will not, under the circumstances of the particular case, be materially detrimental to the public welfare or injurious to property or improvements in said neighborhood.

Section 4.24. After the conclusion of the aforesaid hearing the planning commission shall make a written finding of facts showing whether the three foregoing qualifications apply to the land, building or use for which the variance is sought, and shall report such finding to the city council within thirty (30) days after receipt of the application.

Section 4.25. In approving the granting of any variance under the provisions of this section, the planning commission shall designate such conditions, in connection therewith as will, in its opinion, secure substantially the objectives of the regulation or provisions to which such variance applies, as to light, air, and the public health, safety, morals, convenience and general welfare. No permit shall be issued under the provisions of this section, unless a finding of the commission, as aforesaid, approving the granting of the variance, shall be approved and confirmed by the city council. Upon receipt of such report, if the findings of the commission approved the granting of the application, and if the city council shall find that such findings are correct, said city council shall, by resolution, grant such variance, whereupon the permit as applied for may be issued. In all cases in which variances are granted under the provisions of this section, the planning commission shall require such evidence and guarantees as it may deem to be necessary that the conditions designated in connection therewith are being and will be complied with.

Section 4.26. The planning commission shall have power to hear and decide appeals involving the enforcement of this ordinance when such appeals are based upon questions of the interpretation thereof.

SECTION 4.3. USE PERMITS. Use permits, revocable use permits and use permits valid for a term of six months, may be issued for any of the following:

(a) Any of the uses or purposes for which said permits are required or permitted by the provisions of this ordinance.

(b) Public utility or public service uses or public buildings in any district when found to be necessary for the public health, safety,

convenience or welfare.

(c) Removal of minerals and natural materials, including building and construction materials, in any district.

(d) To Classify as a conforming use any institutional use existing in any district at the time of the establishment of such district.

Section 4.31. The fee for application for such permits shall be five dollars (\$5.00) and such use permits shall be issued under the same procedure as that specified in Section 4.2 of this ordinance for the granting of adjustments, except that:

(a) No public hearing need be held thereon; provided, that the planning commission may hold such hearings thereon as it may deem to be necessary.

(b) The findings of the planning commission, except as otherwise provided in this section, need include only that the establishment, maintenance or conducting of the use, for which the use permit is sought, will not, under the circumstances of the particular case, be detrimental to the health, safety, morals, comfort, convenience, or welfare of persons residing or working in the neighborhood of such use and will not under the circumstances of the particular case, be detrimental to the public welfare or injurious to property or improvements in said neighborhood.

Section 4.34. All other provisions of said Section 4.2 including the designation by the planning commission of any conditions upon which the permit shall apply to the granting of a use permit.

SECTION 4.4. AMENDMENTS. 4.41. This ordinance may be amended by changing the boundaries of districts or by changing any other provision thereof, whenever the public necessity and convenience and the general welfare require such amendment by following the procedure of this section. Said amendment may be initiated by:

(a) The verified petition of one or more owners of property affected by the proposed amendment, which petition shall be filed with the planning commission and shall be accompanied by a fee of twenty-five dollars (\$25.00), no part of which shall be returnable to the petitioner; or by

(b) Resolution of intention of the city council, or by

(c) Resolution of intention by the planning commission.

Section 4.42. The planning commission, not later than at its next succeeding meeting following the filing of such verified petition or following the adopting of such resolution of intention, shall set the times and places for such public hearings thereon as may be required by law, and shall give such notice as required by law of the proposed amendment. In case the proposed amendment consists of a change of the boundaries of any district so as to reclassify property from any district to any other district, the planning commission shall give additional notice of the time and place of such hearings and of the purpose thereof by:

(a) Posting at least three (3) public notices thereof not less than ten (10) days prior to the date of the first of such hearings along the streets upon which the property proposed to be reclassified abuts. Each such notice shall consist of the words "Notice of proposed zoning change," in letters not less than one (1) inch in height, and in addition thereto a statement in small letters setting forth a general description of the property involved in the proposed change of district, the time and place at which the public hearings or the proposed change will be held and any other information which the planning commission may deem to be necessary.

Section 4.43. Any failure to post public notices as aforesaid shall not invalidate any proceedings for amendment of this zoning ordinance.

Section 4.44. Following the aforesaid hearings the planning commission shall make a report of its findings and recommendations with respect to the proposed amendment and shall file with the city council an attested copy of such report, within ninety (90) days after the notice of the first of said hearings; provided that such time limit may be extended upon the mutual agreement of the parties having an interest in the proceedings. Failure of the planning commission so to report within ninety (90) days without the aforesaid agreement, shall be deemed to be approval of the proposed amendment by the planning commission.

Section 4.45. Upon receipt of such report from the planning commission or upon the expiration of such ninety (90) days as aforesaid, the city council shall set the matter for public hearing after notice of the proposed amendment given as provided by law. After the conclusion of such hearing the city council may adopt the amendment or any part thereof set forth in the petition in such form as said board may deem to be advisable.

Section 4.46. The decision of the city council shall be rendered within sixty (60) days after the receipt of a report and recommendations for the planning commission or after the expiration of such ninety (90) days, as aforesaid.

Introduced this 8th day of September, 1952.

Passed and adopted as an ordinance of the City of Daily City the 22nd day of September, 1952, by the following vote:

AYES: Councilmen: Gaggero, Green, Kennedy, Dennis and Verducci.

SMJC Announces Dance Class in Garden Village

The San Mateo Junior College has announced a class at Garden Village school on Tuesday nights for the new districts of Junipero Serra boulevard from Park Merced to Burli Buri.

The instructor is Elmer Harris, well known square caller, folk and ball room dance instructor. He has just returned from a tour of summer spots where he reports that the ball room tangos, rumbas, simple folk and square dances have become a major event in the vacationers' calendar of pleasure. The plan is to conduct the classes on a dance recreation program with a short period devoted to teaching a few advanced dances for those who like to attend the festivals.

The group will meet with the coastside dancers from Sharp Park in monthly parties featuring potluck dinners and old fashioned box or pie suppers.

Ordinance No. 361

ORDINANCE CREATING A CITY FIRE COMMISSION FOR THE CITY OF DAILY CITY

The City Council of the City of Daily City does ordain as follows: SECTION 1. A City Fire Commission is hereby created in and for the City of Daily City. Said Fire Commission shall consist of three (3) members who shall be appointed by resolution of the City Council.

SECTION 2. Of the members of the Commission first appointed, one shall be appointed for the term of one (1) year; one shall be appointed for the term of two (2) years; and one shall be appointed for the term of three (3) years. Their successors shall be appointed for terms of three (3) years.

SECTION 3. As a vacancy shall occur otherwise than by expiration of the term, it shall be filled by appointment for the unexpired portion of the term. Any appointed member may be removed by resolution of the City Council at any time.

SECTION 4. The members of the Commission shall not receive any compensation for their services.

SECTION 5. Immediately upon their appointment, the members shall organize as a City Fire Commission and elect a chairman and a secretary among the appointed members. The term of office of such chairman and secretary shall be a one-year period. In case of absence of the chairman, the members of the Commission shall select a chairman pro tem.

SECTION 6. It shall be the duty of the members of the Commission to make reports and recommendations to the City Council of the City of Daily City on the following:

- a. Personnel
- b. Fire prevention education
- c. Training of personnel
- d. The need for fire equipment and types thereof
- e. Uniforms
- f. Rules and regulations of the Fire Department
- g. Future problems and plans in connection with the Fire Department
- h. General policies of the Fire Department

SECTION 7. The Fire Commission shall investigate all complaints regarding any individual member of the Fire Department or the Fire Department as a whole and shall make full report and recommendations to the City Council.

SECTION 8. The Fire Commission shall cooperate with all departments and other commissions of the City of Daily City concerning the location and type of fire boxes and control measures and make recommendations to the City Council concerning same.

SECTION 9. Each member of the Commission shall deposit \$15.00 for a numbered badge, the form of which shall be approved by the City Council, and such badge shall be returned and deposited upon termination of the member from the Commission for any reason whatsoever.

SECTION 10. The City Fire Commission shall meet at least once a month at such time and such place within the said City of Daily City as said Fire Commission shall fix by resolution. Special meetings may be called at any time by the chairman or by two members by written notice served upon each member of the Commission at least three hours before the time specified for the proposed meeting. Two members of the Commission shall constitute a quorum for the transaction of business. The office of any member who fails to attend three consecutive monthly meetings of the Fire Commission without a legitimate excuse shall automatically become vacant.

RESOLUTION NO. 1657

CALLING A SPECIAL ELECTION IN THE CITY OF DALY CITY FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF THE CITY THE PROPOSITION OF ISSUING REVENUE BONDS UNDER THE SANITATION, SEWER AND WATER REVENUE BOND LAW OF 1941 TO PROVIDE FUNDS FOR THE ACQUISITION, CONSTRUCTION, IMPROVING AND FINANCING OF A CERTAIN WATER SUPPLY, STORAGE, AND DISTRIBUTION ENTERPRISE, DECLARING THE ESTIMATED COST OF THE ENTERPRISE, THE PRINCIPAL AMOUNT OF THE BONDS AND THE MAXIMUM RATE OF INTEREST TO BE PAID THEREON; PROVIDING FOR THE CONSOLIDATION OF THE ELECTION WITH A SPECIAL MUNICIPAL ELECTION, AND PROVIDING FOR NOTICE THEREOF.

RESOLVED, by the City Council of the City of Daly City, San Mateo County, California, as follows:

1. A special municipal election is hereby called and ordered and will be held in the City of Daly City on Tuesday, the 28th day of October, 1952, at which election shall be submitted to the qualified voters the proposition of issuing revenue bonds pursuant to the Sanitation, Sewer and Water Revenue Bond Law of 1941 of the State of California, for the purpose of providing funds for the objects and purposes set forth in the following proposition, to-wit:

PROPOSITION: 3 (Water Facilities)

Shall the City of Daly City issue revenue bonds in the principal amount of \$390,000, for the acquisition, construction, improving and financing of an enterprise; including expenses incidental thereto, said enterprise to consist of additions, extensions and improvements to the city water system, including all parts of the enterprise, all appurtenances thereto, and land, easements, water supply, storage and distribution facilities and equipment, pursuant to the Sanitation, Sewer and Water Revenue Bond Law of 1941?

2. The estimated cost of the acquisition, construction, improving and financing of the enterprise, and the expenses incidental thereto, as set forth in the proposition, is the sum of \$390,000.

3. The principal amount of the bonds to be issued therefor is \$390,000 and the rate of interest to be paid on the bonds shall not exceed five per cent (5%) per annum, payable semi-annually.

4. The Council does hereby submit to the qualified voters of the City, at the special municipal election, this resolution and the proposition set forth in Section 1 hereof. The Council proposes to issue and sell revenue bonds of the City in the amount and for the objects and purposes specified in the proposition if a majority of all the voters voting on the proposition vote in favor thereof.

5. The bonds, including the interest thereon, shall be a special obligation of the City, payable exclusively from and secured by the revenue of the enterprise, and shall not be secured by the taxing power of the City, and the City and its officers shall not be under any obligation to pay same excepting from said revenues.

6. All of the bonds of this series are equally and ratably secured without priority by reason of number, sale, execution or delivery, by a lien upon the revenues herein pledged to the payment thereof.

7. The said special municipal election shall be held and conducted, the votes thereof canvassed, the returns thereof made, and result thereof ascertained and determined as herein provided; and in all other particulars not prescribed by this resolution the election shall be held and the votes canvassed pursuant to law for general municipal elections in the City.

8. The said special municipal election is hereby consolidated with the special municipal election which will be held within the City, on Tuesday, the 28th day of October, 1952. The special municipal election hereby called shall be held in the manner provided for the special municipal election with which it is consolidated, and the precincts, polling places, and officers of election shall be the same as those set forth in Ordinance No. 363, An Ordinance Calling a Special Election in the City of Daly City for the Purpose of Submitting to the Electors of Said City Two Propositions of Issuing Revenue Bonds for the Acquisition, Construction and Completion of Certain Municipal Improvements; Declaring the Estimated Costs of said Municipal Improvements, the Amounts of the Principal of said Indebtednesses to be Incurred therefor, and the Maximum Rate of Interest to be Paid Thereon; Fixing the Date of said Election, the Manner of Holding the same and Providing for Notice Thereof, adopted by the City Council on September 24, 1952.

9. The elections hereby consolidated shall be held in all respects as if there were only one election and only one form of ballot shall be used.

10. All persons qualified to vote at the special municipal election called by said Ordinance No. 363 shall be qualified to vote upon the proposition submitted at the special municipal election hereby called.

11. Ballots for the election shall be provided of the form and to

Ordinance No. 363

AN ORDINANCE CALLING A SPECIAL ELECTION IN THE CITY OF DALY CITY FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF THE CITY TWO PROPOSITIONS OF INCURRING BONDED INDEBTEDNESS OF SAID CITY FOR THE ACQUISITION AND CONSTRUCTION AND COMPLETION OF CERTAIN MUNICIPAL IMPROVEMENTS; DECLARING THE ESTIMATED COSTS OF SAID MUNICIPAL IMPROVEMENTS, THE AMOUNTS OF THE PRINCIPAL OF SAID INDEBTEDNESS TO BE INCURRED THEREFOR, AND THE MAXIMUM RATE OF INTEREST TO BE PAID THEREON; FIXING THE DATE OF SAID ELECTION, THE MANNER OF HOLDING THE SAME AND PROVIDING FOR NOTICE THEREOF.

The City Council of the City of Daly City does ordain as follows:

WHEREAS, the City Council of the City of Daly City, by resolution passed and adopted at a regular meeting of said Council on the 8th day of September, 1952, by the affirmative vote of more than two-thirds of all its members, did determine that the public interest and necessity demanded the acquisition, construction and completion of the municipal improvements hereinafter mentioned, and did further determine that the costs of each of said proposed municipal improvements will be too great to be paid out of the ordinary annual income and revenues of said City, which resolution was duly entered in the minutes of said meeting of said Council and is now on file and on record in the office of the City Clerk of said City;

NOW, THEREFORE, IT IS ORDERED, as follows:

Sec. 1. That a special municipal election be, and is hereby called and ordered and will be held in the City of Daly City on Tuesday, the 28th day of October, 1952, at which election shall be submitted to the qualified electors of said City the questions of incurring two bonded indebtednesses by said City for the objects and purposes set forth in the following Propositions, to-wit:

PROPOSITION NO. 1 (Recreation Building)

Shall the City of Daly City incur a bonded indebtedness in the principal amount of \$160,000.00 in accordance with the provisions of the Ordinance Calling the Election at which this Proposition is submitted, for the object and purpose of acquiring and constructing and completing the following municipal improvements, to-wit: A combined war memorial auditorium, recreation and gymnasium building and the furniture, furnishings, apparatus and equipment therefor and by doing such other incidental work and acquisitions as may be necessary to complete same?

PROPOSITION NO. 2 (Fire Protection)

Shall the City of Daly City incur a bonded indebtedness in the principal amount of \$173,500.00 in accordance with the provisions of the Ordinance Calling the Election at which this Proposition is submitted, for the object and purpose of acquiring and constructing and completing the following municipal improvements, to-wit: A fire house, numbered 3, and equipment, furniture, furnishings and apparatus therefor; and the acquisition and construction and completion of equipment, apparatus, furniture and furnishings for Fire House Number 2, and for Fire House Number 4; and the acquisition of lands, and equipment and apparatus therefor necessary to complete all of the hereinabove referred to Fire Houses, and the construction and completion and extension of the fire alarm system throughout the City of Daly City, California, and by doing such other incidental work and acquisitions as may be necessary to complete all of the above?

Sec. 2. That the estimated costs of the municipal improvements as set forth in Proposition No. 1 is the sum of \$160,000.00, and as set forth in Proposition No. 2 is the sum of \$173,500.00, and the amount of the indebtedness proposed to be incurred for the municipal improvements described in Proposition No. 1 is the sum of \$160,000.00, and the amount of the indebtedness proposed to be incurred for the municipal improvements described in Proposition No. 2 is the sum of \$173,500.00.

Sec. 3. That said Council does hereby submit to the qualified electors of said City of Daly City at said special municipal election this ordinance and the said Propositions set forth in Section 1 of this Ordinance. The said Council proposes to issue and sell revenue bonds of said City in the amount and for the objects and purposes specified in said Propositions if two-thirds of the qualified electors voting on such propositions at said special municipal election shall vote in favor of said Propositions.

Sec. 4. If two-thirds of the qualified electors voting on either of said Propositions vote in favor thereof, said Proposition shall be deemed adopted. Said bonds shall be negotiable in form and of the character known as serial, and shall bear interest at a rate not exceeding five per cent (5%) per annum, payable semi-annually.

Sec. 5. Said special municipal election shall be held and conducted, and the votes thereof canvassed, and the result thereof made, and the result thereof

THE OUTDOORS

State Rangers will be on tap to enforce no-hunting regulations in State parks, especially in southern California, now that the Sierra, northwestern and San Diego County deer hunting season is open, the State Department of Fish and Game Division of Beaches and Parks jointly announced this week.

All State parks, including San Jacinto, Cuyamaca, Palomar Mountain and Borrego-Anza Desert are fully protected by State Park laws and are closed to hunters—despite the opening by the fish and game agency of Refuge 4-G surrounding Mt. San Jacinto State Park.

Hunting is permitted in this refuge this year—but only outside the State Park boundaries.

Sportsmen's organizations can perform a valuable service by helping their hunting members locate—and stay out of—State Parks, the agencies' directors suggested.

"Sportsmen's groups will provide a service to the hunters to help them avoid violating laws protecting State Parks, which comprise less than one-half of one per cent of California, and which are preserved primarily for outdoor recreation where all wildlife is protected," said fish and game Director Seth Gordon, and beaches and parks Chief Newton Drury.

More than 1100 catfish have been tagged in Clear Lake this season, and a total of 1500—the project's goal—will be marked by the month's end, to complete one inland phase of the Statewide catfish study being made by the California Department of Fish and Game.

The tagging program already has produced 125 returns by Delta fishermen since the project was started this summer. Tag returns provide data for growth measurement and migration patterns.

The study is one of several State projects made possible by the Dingle-Johnson act, which contributes funds to research under the Federal Aid to Fisheries program.

The Clear Lake "cats," ranging from 8 to 20 inches, are larger than their Delta relatives, according to Dave E. Pelgen, biologist conducting the survey. The De-

partment is also tagging brown bullheads for the first time anywhere, Pelgen said.

Twenty mountain lions were bagged by State trappers and hunters during July, including a family of eight taken in Monterey County by trapper Clarence Hague who also erased four coyote, five bobcats, nine foxes and five skunks during the month.

Five lions were taken in Mono, four in Colusa and three in Kern counties, to bring the July total well above average in predator control work by State Department of Fish and Game personnel.

A total of 774 varmints of a dozen varieties were included in the aggregate bag of the 35 State trappers and hunters. The kill included 233 coyotes, 129 bobcats, 178 foxes, 49 skunks, 10 bears. The crew made a total of 37,414 trap sets during the month.

Last year's all-time record deer kill for the coastal two-bucks season will probably be equalled this year, when all the deer tags for the season which ended September 14 are in and counted, State Department of Fish and Game deer managers predicted.

This will mean a total 1952 coastal season bag of approximately 20,000 bucks, they said, as tag returns for the 35th day of the coastal season brought the cumulative bag to 16,146, as against 15,971 for the same day last year. This was one of the first days that 1952 returns showed an edge (175) over the 1951 daily kill reports. The kill returns have been running "neck-and-neck" with last year's figures.

"The final total won't be available until the last tags are returned, which probably will be in November. But it now looks like last year's record mark of 20,000 will be equalled," reported Frank Kozlik, of the Department's bureau of game conservation.

"Moderate to heavy" losses in San Benito County due to hoof rot have lowered the total bag somewhat—but a low winter die-off in the other coastal counties more than offset this loss, he explained.

A total of 25 bucks were taken by archers during their special coastal season this year.

SAN FRANCISCO STATE WILL HOST PEPPERDINE TEAM TOMORROW

San Francisco State hosts Pepperdine College of Los Angeles tomorrow night to open a new era in the school's football competition. The game will start at 8 p.m. in Cox Stadium on the new Lake Merced Campus at 19th and Holloway.

This is the first meeting between the two schools and is indicative of the Gators' trend toward tougher and tougher competition.

Pepperdine has long been a power in Southern California football. The Waves meet such teams as San Jose State, Brigham Young and Loyola of L. A.

Even so, Coach Joe Verducci's crew should rank a slight favorite. The Gators have small but fast backs operating behind a big, tough and experienced line.

The Gators forward wall averages 204 pounds across and every man has considerable college experience. A State regular, bolstered by last year's strong schedule, or an outstanding transfer, mans practically every position. The transfers include Merrill Jacobs and George Wehner, former St. Mary's flank stars, and Don Moretini, a first string guard at Nevada during that school's big football days.

Maurice Magante, a 215 pound Indian boy who has three years of Navy experience, has also bolstered the guard spot. Magante is short and powerfully built, has a quick charge and the determination to hang on.

Dick Amondoli returns at starting center. Bob Foote, an agile 200 pound tackle who transferred in from Stockton College, will bolster State veterans Gane Andersen and 220 pound Bill Pritchard.

For heavy duty defensive work, Verducci has Phil Ruark, a 260 pound guard, and Ermen Ghiorzi,

260. Ruark, very agile for his bulk, is also quick enough for offensive duty.

Jacobs, at 195 pounds, and Al Endriss, 205, give the Gators a pair of fast, strong offensive ends. As a defensive safety in 1951, Endriss set an NCAA mark with 13 interceptions.

Pre-season estimates can go awry, but it appears that Verducci has a starting line which would be major league in any company.

The backs are not big, but they'll hit quick off Verducci's version of the T.

Several scrimmage injuries have slowed the Gators' operation. John O'Shea, a 185-pound right halfback plunger and a top blocker, cleated himself in the first drill. He may be able to see action against Pepperdine but will not be at his peak. Fullback Gary Dunn, who transferred in from Vallejo, and John Marshall have also picked early training injuries. Marshall should be ready for Pepperdine but Dunn is doubtful.

Quarterback Maury Duncan, filling in for the departed San De-Vito, Little All Coast in 1951, has been operating smoothly. Verducci has been much impressed with the running of rapid frosh Bob Lualhati, who shaded 50 flat for the quarter mile last spring; George Harris, a blocky line backer from King City, and Rudy Smith, who led the team in scoring in 1950.

Verducci declares: "State will be offering a very high grade of football at bargain rates."

The prices are \$1.20 for adults, 50 cents for high school students and 25 cents for children under 12.

Season tickets—four games for four dollars—can be obtained through business manager Jack Healy at the Old Campus.

Two Teams Tie For First In Bowling League

Central Club and Homes By Sterling moved out in front this week in the Daly City-Colma Bowling league by dint of taking two out of three games, Tuesday night, giving them each a 5-1 record for the two week's competition.

Three teams, Kings Market, Daly City Lions and Pauls Flowers, are now in a tie for second, with 4-2 records.

Leading the Central Clubbers this week were Bill Watson, who hit a 564 series, 206 high game, and John Melani, who rolled a 549 series, 194 high game.

High individual series for the evening was racked up by Mike Orlick, who had 569. Watson and Melani were second and third in that order.

High individual game was claimed by Frank Thur with a 211 effort. He also had a 538 series, good enough for fourth in that department.

High team game was rolled by Thur Meat Co. with 979. They also claimed high team series, 2606.

The Foresters of America team has been replaced on the league roster by Kirchhubsels. A new team added this week is George's Theater Grill.

Cost Breakdown For Construction

Cost for forms, \$31,500, was the largest single item on construction of the community center, according to an itemized statement of money paid out.

Of the total of \$298,623 paid to Ralph Larsen & Son, contractors, \$29,000 went into the purchase of concrete for the building, while \$31,000 was spent for structural steel.

Breakdown on other items making up the total sum was as follows: General Expense (inc. bond), \$9000; excavations, \$14,000; reinforcing steel, \$18,500; steel forms, \$14,000; miscellaneous iron, \$10,000; carpentry, \$24,500; millwork, \$12,600; composition sleepers, \$2500; hardwood floors, \$8000; Roofing and Camproofing, \$2600; sheet metal, \$2800; steel windows, \$9200; plastering, \$16,000; glass, aluminum doors and letters, \$15,500; tilework, \$7000; floor covering, \$750; painting, \$5000; finish hardware, \$4773; electric, \$11,100; plumbing, \$18,000; heating, \$17,000.

Rec Department League Begins

The six-man football league sponsored by the Daly City Recreation department opens Saturday at Marchbanks playground.

All boys in the seventh and eighth grades of the Jefferson Elementary School department are eligible to participate.

The league is under the direction of E. Mosconi of Colma school, who will be assisted by Frank Ingersoll of the Recreation department and D. Pryshyla of Colma school.

It is the aim of the Recreation department to sponsor two leagues of six teams each. "A" league will be composed of eighth graders from Colma and Our Lady of Perpetual Help schools and the "B" league will be composed of seventh graders from the same schools.

All boys who are interested in playing in the league should contact the director at Marchbanks playground, who has sign-up sheets available.

"B" league games commence Saturday morning at 10 o'clock, while "A" competition begins at 11 o'clock.

SF State Opens '52 Sked Tomorrow Against Strong Pepperdine Eleven

San Francisco State opens a new football season Friday against a team which has never played in San Francisco.

Pepperdine College of Los Angeles, one of the outstanding teams in the California Collegiate Athletic Conference, will oppose the Gators Friday night at Cox Field.

The waves will also be making their first 1952 start. Coach Robert (Duck) Dowell has 14 lettermen returning, plus transfer Virgil Elwess from Riverside. J.C. Elwess, 215 and an All-American Junior College selection, will open at tackle.

The Waves are currently a T-Formation team but they have a solid single wing background and may shift early in the game. Rudy Osuna, a veteran at 170, can pass and run at the left halfback spot. He is the team's top offensive star.

The Gators are San Francisco's lone college football team and Coach Joe Verducci believes he has the best team in the school's history.

State will field a big line, composed entirely of veterans and outstanding transfers. Among the

Daly City Canines Must Obey Statutes

Dogs as well as the higher types of residents of Daly City must conform to regulation of some sort.

Below is a set of conditions which the city of Daly City has asked pet owners to comply with:

1. All dogs on public streets (with or without a license) shall be on leash.
2. All dogs running loose on public streets shall be impounded.
3. All dogs are required to have a Daly City dog license.
4. The rate of charges for impounded animals shall be:
 - a. The cost of the license (if unlicensed) \$2.00.
 - b. 75c per day board.
 - c. The minimum charge shall be 75c.
5. If your dog is lost, contact the Daly City Police Department, Plaza 5-4212, immediately—animals are rarely kept more than 72 hours.

The licensing of dogs is for your protection to insure the immediate return of the animal when picked up by the Poundmaster or found by another resident. It is generally difficult to locate the owner of a pet that is unlicensed.

Linhares Shoots 80 In State Tourney Qualifying Round

After the first round of qualifying play in the State Golf championships at Pebble Beach Arthur Linhares, local policeman, emerged with an 80, and still has a chance of gaining entry into the final play.

Linhares, who usually shoots in the low 70s, will probably have to fashion about a 72 in the final qualifying round of the 36 holes to be eligible. Only the top 64 competitors will qualify for the tourney.

Bob Silvestri, bocci-ball king and San Francisco City Golf champ, shot a 75 on the opening 18 and stands a good chance of being in the top 64.

Lose Out In Olympic Invitational Tourney

Einar Hanson of Daly City and C. Jones were defeated Sunday by Ralph Hall and Aldo Galletti, 4 and 3, in the final round of the 36-hole Olympic Club Invitational tournament at Lakeside.

Hanson and Jones represented Sharp Park Golf club.

City Council Favors Millbrae Petition

A resolution was adopted Monday night at the City Council meeting to the effect that the local governing body goes on tab as favoring Millbrae's petitioning of the governor for widening of El Camino Real.

Millbrae has asked the director of public works and the state highway commission to purchase the needed property and complete the highway. At present the setback line is a bane to the owners of buildings on the highway.

The city clerk will send two certificates to Millbrae notifying them of Daly City council's resolution.
